NEW PAPER.—We are glad to welcome to our exchange list, a bright and sparkling paper which has just started in Bridgewater. It has a neat appearance and will do good in that enterprising town. Success to it.

STORM.—The great storm which was so destructive of life and property in other States, passed over this section last Thursday. The corn crop was materially damaged. Much of it was blown down and in some cases broken off. The loss is particularly large where the corn was late.

Page Courier: Diphtheria, of rather a malignant type, has been prevailing among the children of this county, and it has in several instances proved fatal.

DECISION REVERSED.—In the case Sherman vs. B. & O. Railroad, which was tried in this county several years ago and a verdict for \$3,000, rendered, and which was carried to the court of appeals by counsel for B. & O. Railroad, the former judgment was reversed and annulled and the case remanded for a new trial.

STRASBURG GRADED SCHOOL.—The Strasburg Graded School opened last Monday, with a large attendance of pupils. This is an excellent school and the trustees deserve credit for keeping it open, in spite of the diversion of State school funds. The teachers for this year are Messrs. J. B. and A. P. McInturf and Miss Mollie Lantz.

CIRCUIT COURT.—The case of Jefferson's administrator vs. B. & O. R. R. was decided on Tuesday Sep. 10th, by the jury bringing in a verdict in favor of defendants. The plaintiff was represented by Messrs. Alexander of Winchester, and Moses Walton, of this place and the defendants by Judge Sheffey and Gen. J. H. Williams. The case, we are informed, will be carried to the Court of Appeals.

SCROFULA.—Mrs. Miller, who for some time, has been suffering from abdominal dropsy, was greatly relieved on Tuesday of last week by having removed from the abdomen an unusually large quantity of fluid, amounting to nine gallons, which was estimated to weigh about eighty-five pounds, or within ten or fifteen pounds of the weight of the patient after the removal of the fluid. The operation was performed by Dr. D. D. Carter.

RE-OPENING.—The United Brethren church house, at Hawkinstown, Shenandoah co. Va., which in the past few months has undergone necessary repairs will be reopened Sabbath morning 23rd inst. and rededicated to the service of Almighty God. Rev. S. A. IMPROVEMENT.—Our road overseer is still improving the appearance of the town. The new walk across court street which was badly needed is now to be followed by an improvement in the appearance of the well. Instead of paving a great disadvantage as far as appearance is concerned, this well is about being made an ornament to the town. Instead of the old horse trough which was constantly leaking and causing a muddy crossing, the waste water will be carried off by pipes, and the old platform will be removed. The well will be arched and an ornamental covering placed over it. This is the right place to begin to improve. Now let the town council determine that the two middle squares of the town shall be paved this fall and all will be ready to say, "Well done, good and faithful servants."

YELLOW FEVER SUFFERERS.—The Y. M. C. A. of this place appointed a committee to prepare subscription papers and a circular letter to be sent to gentlemen in every section of the county, in order that an opportunity might be given to all to contribute to the relief of the suffering and afflicted people of the South. The letters and papers were sent out last Saturday. We have heard from some of them and are glad to learn that gentlemen are canvassing actively for supplies and money. Let every one who can contribute something for the relief of the afflicted.

SCHOOL AFFAIRS.—The Teachers, Institute at Manassas, composed of teachers from Loudoun, Alexandria, Fairfax, Prince William, Fauquier, Stafford, Culpeper and Warren, adopted the following:

Whereas the very existence of the Public Free Schools is seriously threatened by the failure of the State to apportion to the counties the money paid by them for school purposes; therefore, be it

Resolved, That the Institute held at Manassas and composed of the Superintendents, School Officers, Teachers and Citizens from the city and county of Alexandria and the counties of Loudoun, Fairfax, Prince William, Fauquier, Warren, Stafford and Culpeper earnestly recommend to the people of the several counties to which they belong to instruct their representatives in General Assembly to give immediate attention to the subject and devise a speedy and certain remedy.

A PANTHER IN THE MOUNTAINS.—We are informed that Mr. S. W. Coffman, living on Dry River, near Rushville, say about a week ago a full-grown panther. The animal has been seen in the neighborhood several times within the past few months. A number of calves have been killed and other depredations committed. The cry of the animal has been heard at night on various occasions, causing considerable excitement. A party is being organized to hunt it down, although the owners of bounds are reluctant to risk them.—Old Commonwealth.

CAPON ROAD.

On Tuesday evening Sept. 10th, we were cordially invited to the residence of Mr. Levi Sonner, near Capon Roads to witness the marriage of our much loved, and highly esteemed friend, Miss Lucy B. Mowery to Mr. J. Stover, a kind, noble and generous hearted young man from Ohio.

When we arrived, we found the bride awaiting us, decked in her bridal array, and looking the happiest and the sweetest of the fair. With her many attendants, the ceremony was performed with perfect success. After indulging a short time in good wishes and congratulations, we at once repaired to the refreshment, hall, where we spent an hour or so, very pleasantly around a beautifully laden table, spread with exceedingly palatable viands. Great myriads of the most delicious and choicest of cakes, candies, nuts, &c. of every conceivable kind.

After refreshments, we repaired to a large and spacious room, where the ladies and gentlemen gave hearty indulgence at once to innocent amusement, such as singing, tetra-tet, &c. Our host, one of the kindest, and most generous hearted of men, looking to the welfare and comfort of every guest, chimed in with the merriment; and from his agility, and the manner in which he seemed to appreciate the occasion, we do think, that he certainly thought himself the youngest on the floor.

In the midst of our merriment we were somewhat disturbed by a set of unruly boys, but after getting rid of them, went on with our enjoyment uninterupted.

On Thursday evening, with much feelings, we gave our beloved, and most highly esteemed friends a long farewell, and saw them start for their far off home in the West.

We think it unfair, though not unjust, that the Buckeye boys should come in our midst, and pick out our fairest maids. May much love and many bright flowers strew their path. M.

PIC-NIC.—The Sunday School picnic at Mt. Clifton, Saturday last, was one of the most delightful occasions we have enjoyed for a long time.

The schools met at the church at Mt. Clifton, at half past 8 o'clock, marched from there to the grove. At an early hour the young people, and old ones too, began to assemble from every point on the circuit, until not less than two or three hundred were on the ground. There were several Sabbath Schools present, among which was the Solomon's Church school, conducted by Captain Peters, which furnished the schools with excellent music.

About 11 o'clock the services were introduced by an appropriate prayer, by Rev. Mr. Carnahan, after which that gentleman delivered a most earnest address to the children and teachers present.

E. F. Rinker, Esq. produced a very good argument on family devotion.

At the conclusion of the speeches the tables were spread, and all present partook of a most sumptuous repast. To say that there was an abundance will not convey the idea, there was a superabundance of the very best the country could produce. If any one present failed to get their dinner it was certainly their own fault. The abundant supplies furnished by the warm-hearted people of this neighborhood, is an additional proof of their liberality and generous hospitality. G. M. J.

MR. W. H. EFFINGER.—The following notice of this gentleman, we take from a correspondent of the Episcopal Methodist, written from Portland, Oregon, which will be interesting to the many friends of Mr. Effinger, especially in Rockingham, where he was raised and is so well known: "Soon after landing I proceeded to the residence of Col. Wm. H. Effinger, formerly of Harrisburg, Virginia. He has been in Portland, for the last six years, and has been very successful in the practice of law. He also holds the position of Major-General of the Oregon State Militia. As a Virginian, I met with a hearty welcome as with the bearer of a letter from his sister, Mrs. Johnson, of Haymarket, Va., I was treated by him and his household almost as an intimate friend. With tears in his eyes he talked about his 'little sister' he loved so dearly and who was so far away. Again and again he thanked me for seeing her and coming to tell him of her. He apologized for his emotion; but I told him I could entirely sympathize with him in it, as I also left two sisters in Virginia, and the separation from them I found very hard to bear. The hearty Virginia hospitality of this kind family made my stay in Portland very pleasant. I could hardly realize that I had not known them before."

BETTER THAN WE STATED.—Last week we noticed that Mr. Robert Harnsberger had threshed over 1,600 bushels of wheat from fifty-five acres of land, and stated it to be an average of twenty-two bushels to the acre. We do not know how it happened that we made such a mistake, but those who read the statement could readily correct it for themselves. The average was about thirty bushels to the acre, and the wheat of first quality.—Valley Virginian.

The train from the Shenandoah Valley carried about 475 barrels of flour and supplies of provisions clothing, &c. to the sufferers at Memphis, last week. We will report here after the amount sent from the several stations. From Woodstock station 68 barrels of flour and some potatoes were sent. Another train will carry supplies in a few days. Notice of time will be given hereafter.

WHAT A GREAT NEWSPAPER SAYS OF THE COMING GREAT SHOW.—"Unquestionably by far the greatest Menagerie and Circus that has ever visited this place. will reach here by special train on Tuesday Oct. 1st., and that is The Great European Seven Elephant Railroad Show. Its proportions are simply enormous, and its educational and amusement resources almost beyond computation. It is also superior in refinement and elegance of presentation as it is overshadowing in vastness, and comes recommended and indorsed as follows by such indisputable authority and the Cincinnati Daily Inquirer, which, in its issue of April 3d, says: "THE GREAT EUROPEAN ELEPHANT RAILROAD SHOW."

"The Messrs. Sells, of Columbus, so widely and well known as both daring and honorable managers in the tented field, have taken a new departure the present season, rendered necessary by the increased size of their menagerie and circus, and abandon the worn-out high and byways for the straight and narrow path of the steel rail, over which their special trains of animals and arene possessions will thunder to the amazement, edification and delight of the natives everywhere. Their present ventures exceeds, in both size, novelty and expense, anything of the kind here before attempted, and includes, among other noticeable features, seven elephants, the largest number exhibited by any one menagerie-five performing baby elephants, a pair of twin baby elephants—a zoological curiosity without a parallel—an elephant carried on the high platform of a huge tableau-car through the streets, the only two-horned rhinoceros in the country, a superb Ethiopian horned horse, and other rare exotic animal attractions. The circus will present besides an immense company of equestrian and gymnastic celebrities and a troupe of wonderful performing dogs, goats, monkeys and ponies. A stud of remarkable trick horses. Here is more than enough animals and antics to satiate the most exacting of sawdust patrons, and the decorum and liberality always characterizing the Messrs. Sells' management will render success a well-deserved certainty. Open the throttle-valve."

SCRATCH NO MORE.—"ITCHING PILLS," symptoms of which are moisture, like perspiration, intense itching, particularly when undressing or after getting warm in bed, increase by sweating, might think pin worms were crawling in and about the rectum, oftentimes shows itself around the private parts. A pleasant and safe cure in every case is "Swayne's Ointment." It allowed to continue, very serious results may follow. It also cures tetter, barbers' itch, scald head, ring worm, blotches, all scaly, crusty, itchy skin eruptions. Sent by mail to any address on receipt of price, 50 cents a box, or three boxes for \$1.25, by Dr. Swayne & Son, Philadelphia. Sold by all leading druggists. In Woodstock by Dr. D. D. CARTER.

A REMARKABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Bochee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America. For Sale by Dr. D. D. CARTER & B. SCHMITT, Woodstock, Va.

ASTHMA AND DISTRESSING COUGH CURED. My mother was a great sufferer from asthma; could not sleep; her symptoms became very alarming; short breath, pains and oppression.
